10) What suggestions do you have for team improvement?

n/a

Better communication

People be more respectful of each other

Remembering to have fun on the court

Need more discipline, respect for/from coaches. Learn to stay focused

Less drama, less attitudes @ the games, towards players and coaches. More communication

I believe that the coaches should act like adults and not stoop down to young adults level.

Teammates should train smarter and be more disciplined

Team banquet and summer training camp

Just a little more discipline

More recruiting for both men's and women's XC

nothing

Everything is fine. Coach Danis is the best

More tutoring

more discipline in practice so we can compete and win and not be unprepared

We need more of a structure in the coaching staff and a weight room coach

Better team players. Better discipline

I suggest more team bonding

We should have more team bonding activities

play for someone other than yourself

Team comradery, play style

To make sure we are all on the same page

I suggest that we play with more fire and passion

Learning the game

More group activities for better bonding

shorten the try-outs

get better

Commitment

People should try harder because they're capable to do more

commitment amongst my teammates

Need more players; Better practice schedule

Most of us should take healthy eating seriously as a team. We also need to work on self-discipline

Attitude. Want to actually play on the team

harder training sessions on the field and in the gym

Everyone has to want the same thing, which is win and improve

none really

a bit less drama, focus on technique

be more positive during a game

Have more communication in the field & having the urge to become better each practice

Never give up an thing positive

We need more communication

For Team improvement maybe more communication within the teammates

More activities together

More involvements in the team

We need to work as a team and not always think about yourself

pitching coach

Never received any of our fundraising money. I donated 800 with a lot of my teammates raising more. We got nothing for every event we worked.

Our field is falling apart and we have raised more than enough to fix it.

In order for our record to improve we need better players

Overall everything is good

more access to different facilities

Better equipment

More situations involving facilities to be used when we want

Better facilities

A locker room, transportation when we need it, better stands. Letting the baseball team have access to the money WE fundraised to improve the field

Work ethic / discipline

More coaches, better facility

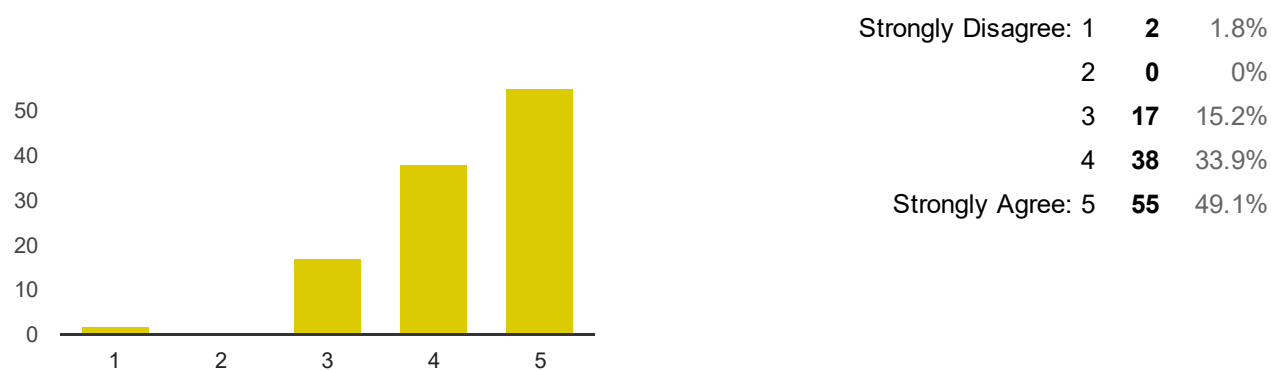

Better facilities and more equipment

Work ethic improvement

A pitching coach is desperately needed
 We need to use more of the weight room
 To improve the facilities
 More organized
 Focus
 Everything
 Make more plays
 Better locker room and more training equipment
 Work hard every day and stay humble
 Work harder and play disciplined
 To keep our head when we are down in a game
 Slightly improve the weight room
 Lifting more weights would be a big improvement
 Being disciplined and fixing little mistakes
 More focus and work harder
 Better locker room security
 Take it serious and stay focused in practice and game
 More focus
 Keep up the good work
 Comradery
 We need to execute more
 None
 Incorporate more line play
 To work together more as a team
 Everyone needs to act like a team
 Just because we have talent doesn't mean are good . We have to be disciplined
 Need more structure, kids need to buy in more
 Heart
 To get some riders on the team

Comments:

Better communication
 Assistant coach: strongly agree. Twan is awesome
 The head coach I have had a great experience with. The assistant coach was very immaure and liked to pick on others during the whole season.
 I like them all
 Always attentive to the athletes concerns
 Head Coach was good
 Coach Jones is a great guy and a great coach
 love them
 Both coaches are very respectful and treat everyone the same
 They correct our mistakes. They have so much trust in us in the field which is so amazing
 They are both very patient with each and one of us
 Very attentive both very positive
 They're always supportive and have good intentions
 They gave me more opportunities this season

Great coach gives every player the opportunity to show they can play
 Always looked out for me. One of the better coaches I've played for.
 Coach Bob Grant taught us well and had a good bond with him
 We have all gotten along well, arguments occurs if they occur
 Some of the coaches had different opinions abot some things
 They are good coaches dont have any problems
 Great coaches
 Coach Miller is one of the coolest coaches I have had
 Great caoching staff. They get along well with players
 Coaches ave always been there for me going from my 1st to 2nd year. I've really grown and have become a better person and player
 We have great coaches who help not only on the field but off the field in our lives
 Coach Mille is one of the best coaches I've played with
 They have told me so much information that is helpful

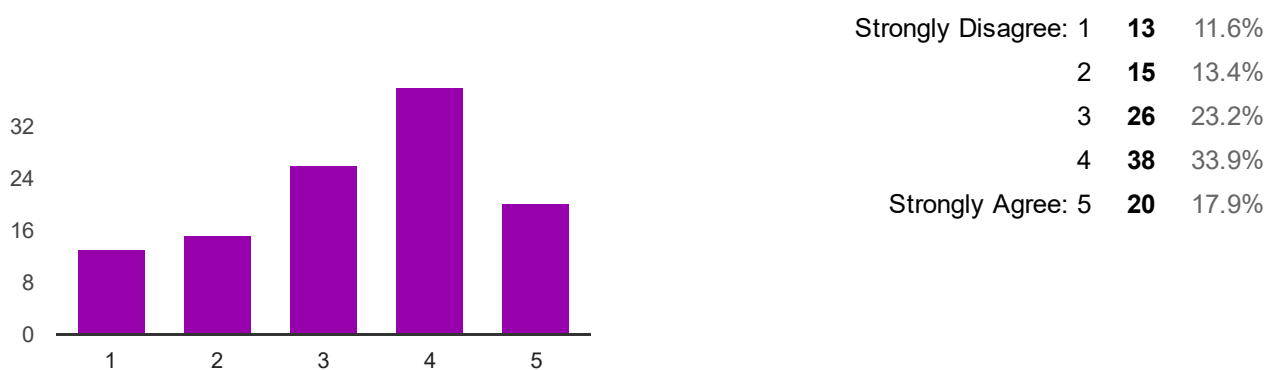

12) I would recommend my coach or coaches to a prospective student-athlete

Comments:

Twan = Yes; Matsuhara= to an extent
 West LA is the place to be
 coaching is helpful
 Available when in need of student
 He really helps me improve as an athlete
 I would reccomend the head coach
 He's an amazing coach
 They are very friendly coaches
 Overall they are great coaches who know how to communicate well
 They are great coaches but they are also great human beings when you need someone to talk to
 Always responsible and on time
 They have a good sense of guidance
 They want the best for you
 Great guy fun to be around. Good coach to have
 I have full confidence that coach Grant wll find a college for me to play at in the fall
 No matter how much you suck he still find somewhere for you to go if you have good grades and work hard
 Coaches care about your education and it is priority
 Ou coaches will progressively build you into a great athlete
 /f they want to get out and want good support and coaching I would suggest coach
 Yes, because thy don't care how good you play, because they are here to make you a better & help you get an education
 The coaches take time to teach and make you understand

13) Overall, the athletic facilities at West LA are good?

Comments:

Terrible
 Needs to be update. More so for a college new setting
 Better lighting, new floor

The bathrooms always dirty, the floors in the gym need t be replaced and the lights, need new field/track, new locker rooms and just new everything to be honest.

West LA is he best

Zulma is very helpful in the women's locker room

The track is horrible it needs to be redone; the volleyball poles are broken; the athletic trainer has a horrible attitude and is always on edge

Athletic counselor and athletic trainer

No other teams reall support soccer. We go out to everyone elses games, but noone goes to ours. Maybe one or two athletes

Closer restroom o the south if the field or in the athletic training building

I think most of them are okay. Man of them could have improvements

They provide good service

The field was never taken care of, it was always flooded, grass never cut, the stands looked like trash compared to other schools

Field is falling apart. Where is the money we raised for the program!

No they are not good

WE need better bleachers, better equipment, and also a new dugout,and overall a better baseball field other schools who aren't good teams have better facilities

The baseball field could be kept up with a staff other than the coaches to do the work

We do have our own baseball field, but it's not taken care of well. It seems like other people who should fix it up nice don't really care

Horrible needs improvement

We don't have a locker room and we can't even get facilities to cu the grass

We have to use a shopping cart as a basket. It is embarassing to have our facilities be so far below par

Need major improvement

Field could use better maintenance. Possibly a better mound

There is trash everywhere. The equipment is old

Field needs improvement

Baseball field is awfyl; So dangerous

Baseball field

Could be better

Very hot in the film and weight room

Some are decent

Could use new home jersey and a litel field fixing

The facilities are helpful

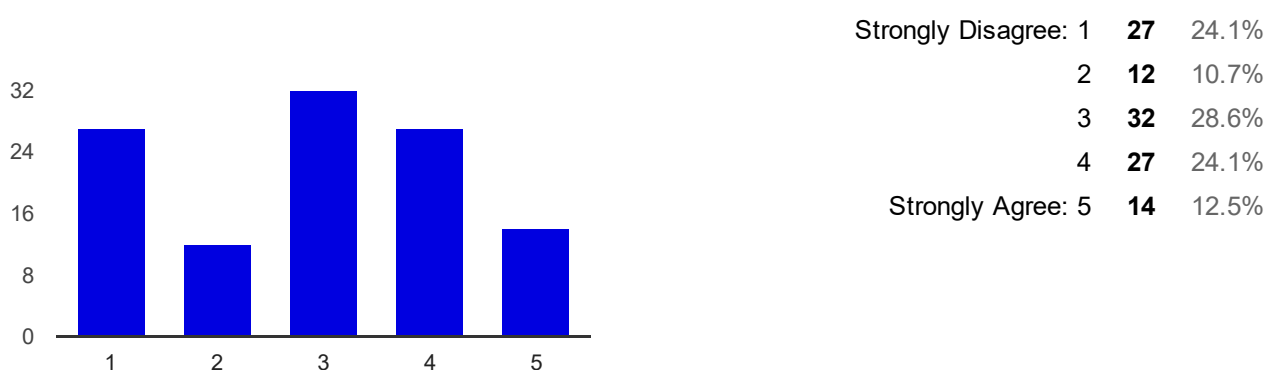

Yes I feel like that are good

Weight room is poorly ventilated making workouts hard as hell as no AC in locker room

Needs less equipment in weight room

The weight room are in poor shape

14) The area (gym, field, track) where I competed at West LA is comparable to other schools where I competed?

Comments:

Our school is less clean/updates than most schools we play

It needs more improvement so everyone who compete can be satisfied

Other schools areas are better that West LA's

The track is in bad condition

The track can be improved

Sometimes it's better, but sometimes floor is dusty

Gym needs A.C

bad track; no a.c.

Athletic building bathrooms should be updated and cleaned more often

There's been nicer

field and bathrooms by field can be cleaner

The turf is too warn down compared to other schools we compete with

I wish there would be better a track & field and also lights to have night games for soccer and football

The other schools had wheels on their field goals easier to move

I feel like the track & field need improvements and cleaning

Its not fancy but its good

Out of all the fields we played at my two year our baseball field is in the worst condition and never taken care of and the stands look terrible

We have the worst field in our league, every other school has got their field redone except for us.

Our field is in bad shape; dead grass; overwatered

No!other schools have better fields than ours and we dont get anything out of it even with our fundraising money

We may have the bases and some baseball field qualities, but to compare to the fields of teams in our conference and everywhere else we played, I was a little embarassed

School like LA Valley, Antelope Valley, and Glendale all have outstanding facilities compared to our. WE barely have stands and we do not know where the money goes

Other facilities were decent, stands, equipment

We had by far the worst field

Other fields have much better facilities than we do

Not at all

It really is not even close

Not at all. We were at the complete bottom

The turf is wearing down and the track is old

Worst field out of all the other colleges

No way! We look like a school with no money

Our field is not as good as other fieldswe play on

Not even close

Just wish we had lights

Overall yes, few cosmetic differences

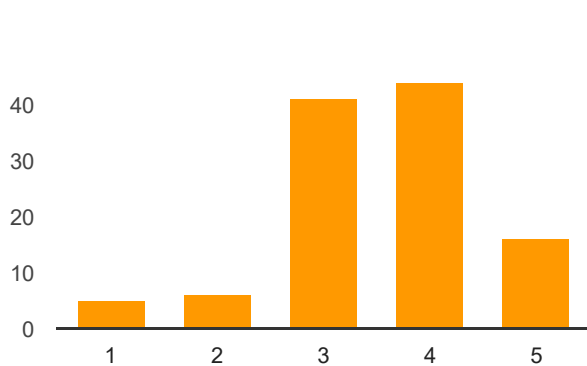

Need lights

It's a difference from coming from high school to college and I been there longer

Turf is not well kept

Track and field is overused; Turf is outdated

Never used it

It gets the job done

need to remove old broken weights

There are some weights missing

A bit old the equipment, but still working condition

It has many machines to utilize

Its not everything but its something

Cold have beter weights and more machines

Could use newer equipment

Our weight is good and safe equipment

The equipment and the room could be updated

Needs improvement

Could be much better

It gets the job done. Not great or good though some dumbbells are broken

it's just o. Nothing fancy at all

Awful

Dont have any problem

Not good ventilation, but the facility on it's onwn is good

Too much broken stuff

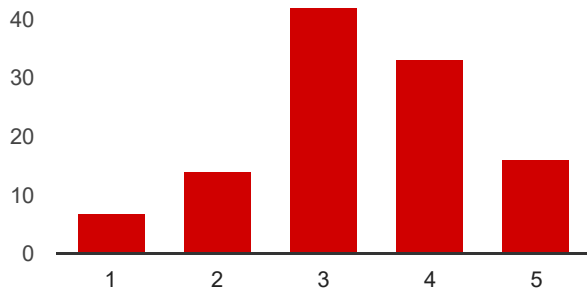

I want to get stronger/bigger during my time here

I feel like it was a good work place

Remove broken equipment

Bent bars & broken weights

? Can I get at least \$10

- I enjoy my time with my team
- I think we should look to getting better buses
- Need bigger vans
- My team is very fun to travel with
- Nicer vans that don't smell bad
- Our vans were always too small and uncomfortable
- Everyone doesn't really get along
- As long as i don't get left behind I'm good
- Never had consistent transportation, constant delays due to coaches personally having to rent vans.
- WE only get 3 busses the whole year and we had to ride in vans with hardly any space
- Buses would've been nice to have to more games. Hopefully better organized with what sports uses vans
- Should have buses, instead of vans
- Need more bus use. Other teams receive better transportation than us. Can't even order them to be on time
- Hell to the no vans suck
- We were late and we didn't have transportation or if the coaches had to go get it
- Bad
- Mostly Vans, not busses. Some days vans weren't even ready
- Many uncomfortable van rides this season. Late to a couple of games due to travel issues also
- The vans need to be changed, they are horrible
- Buses, had to take vans many times
- Lo! We had to take vans to Riverside when the football team takes buses to Santa Monica
- Never got buses (even when it was over 50 miles)
- They are good
- Yes

I enjoy my time at west

Only being a freshman, I've already experienced a poor professor

People that come to this college are very nice and respectful

I like West

I enjoy it here. Didn't expect to enjoy time at CC

So so

Good school; Program has potential

28) What did you like MOST about West LA College and Athletics (Strengths)

n/a

West LA (academically) a great school. Loved all my classes and professors. Athletics--> can be more professional and mature.

Its fun! The overall experience was beneficial in terms of athletics and academics.

What I liked most about West LA was my counselor, the AD, SAAC meetings, and playing basketball. I also liked the athletic competition and the assistant coach.

Enjoyable experience, made a lot of friends, found useful resources.

What I like about West LA college and athletics is being able to compete as well representing the school. What I like some of the other sports teams come out and support each other.

It is a small school compared to others. So there is more communication within students and coaches.

I liked using the tutors in the library

I enjoy the training center and the athletic trainer the most

Competition in conference

Our strong tradition in dominating track

The amount of services provided at west and its athletic department

attentive, comprehensive, disciplined, well ordered, also give importance to academics

My coaches are here when I have questions

I like about west LA college is that the coach are good with their job

Very well informed, helpful, supportive

The coaching

The diversity of talent from the track and cross team

I helped me grow as a person

I think the support system for each sport was good and was pretty even. I love the school spirit

What I liked most was coach Hch and his coaching staff. They helped me grow as a player and as a man.

Try to build a family

The services here are always open to help you with anything you could possibly need.

We had fun

The gym

I improved a lot in being athletic and in shape to play the game of basketball

I liked the fact that I was challenged by my peers everyday

Everything is provided in order to succeed

The bond I built with he guys and the bond I built with Coach Jones stretches beyond the court

Always great courtesy and respectful

I got to compete

The food after the game

The ability to have people support me and help me out when I am down

I enjoyed that the coaches and directors were concerned about your education. The athletics all get along which each other it's a different sport.

Athletic counselor is very helpful and makes sure the requirements are fully disclaimed; coach as very flexible w/players work schedules; A.D is very concerned w/improving the athletic program

My coaches

Coaches; equipment; team

Everyone here are kind and approachable

Experience

the counselor is amazing and the coaches from other teams are supportive and freindly

The environment is friendly; Staff is very helpful; They want the best for their students

academic counselor; coaches; locker management (zulma very approachable and friendly); classes were small and not over packed

Everyone is very friendly and the coaches have hope that our stats will improve

I liked the coaches. They show that they really care about you on & off the field. They push us toward greatness. of course they care about the way we play but our academics is always first

What I liked most about West LA College is that everyone is helpful

I like the friendliness and how it's always there for us and other athletes. I also like everyone's attitudes towards us

Nice campus, teachers care about academic progress

I like the sense of putting academics first. They push athletes both in class and on the field

Everyone gets along great. I love the support some of the teams give

The team, coaching

Good coaches

The relationships I built with my teammates

The team

The people

Coaches; Teammates; Atmosphere

The people here are great and welcoming

Athletic trainer and team was kind

Good teammates

Coaches and their efforts

The one thing I likes about West LA college & athletics was being part of the baseball team. I loved every minute with my team

Coach Bob was very kind. Some professors were very helpful

The team itself great group of guys

Great facilities and great coaches which care about the players

My team

Fun

People who I have encountered

Workout partners

They been good to me

I had teammates I can connect with

The services you needed were always there. They were very supportive

The experience I had with my teammates and how we all became brothers

This is a great team led by a great head coach and he taught me about life outside of football.

Good players

I like the head coach gives everyone a chance to do something good for the team

I enjoyed playing for those coaches and interaction with the many people at west

You have a good time and learn a lot

That everything is here for you and you just have to take advantage of it

The coaches

Everyone is willing to help

29) What did you like LEAST about West LA College and Athletics (Weaknesses)

n/a

Nothing

Very immature teammates/coaches

Lack of organization

The west LA van are old and wack. Get some new ones. Need new floor and lighting in the gym

Lack of discipline lack of structure, lack of assistance w/laundry (Rick)

Neutral

The areas in which we practice aren't the best. Sometimes it bothers me when it is too dim in the gym

Raising money with the fundraisers was so unorganized.

Head coach could be more actively engaged.

The weak athletics page. We need to step it up

The traffic to get here

a little strict (can be a good thing); sometimes its tedious to obtain faculty signatures.

new track

Everything about West LA College is perfect fine.

there was nothing I disliked

track

No weaknesses

The concern for grades

The uniforms were baggy and kind of heavy

What I liked least was the facilities and how things are ran. Also the MBB community isn't really hungry enough to actually win anything and just the attitude of our school doesn't really respect the sports program

The lack of wanting to be successful and pushing each other to do better

N/a

more team bonding

jerseys

Our gear wasn't that great. It didn't seem as a college. More like high school in athletics

I did not like the amount of resources and equipment that was issued

no one is involved with nothing

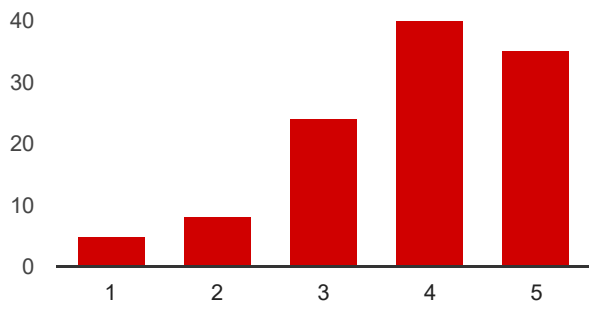

The least was probably the budget, we couldn't have enough to stuff as a group

We did not win

lack of some resources

The inconsistency
How practice is
The equipment needs to be updated , and the gym needs air conditioning
No A.C in gym
The equipment
Website needs to be updated; gym/athletic building bathrooms; Each team should have a laundry basket to leave their jerseys
Our losing streak
field needs to be cleaner and we need to bring in more students and get sponsors
More announcements about athletics; School spirit
messy field; weight room machines @ times don't work
People do not go to women's soccer games. We got to football games, volleyball games, but we see no report
I would've like to see more fans at the game. I also wish vic had more room in the training room and an AC
Athletics we would give up fast; Athletic director how he would show more favoritism to the volleyball girls than the soccer.
I don't know I like everything
Better equipment, for better performance
The facilities need improvement
I did not like that there is no food by us. After practice we are al starving and not even the café would be open. Nothing to with us athletics more like the café.
Sometimes the athletics don't pay attention to you. They have favorites. as well as the director.
The field, money problems, never got buses for away games, never got baseballs, helmets, baseball field and stands/bleachers always look like crap
Refer to previous comments
The facilities
we didn't get our fundraising money and we didn't get much help
The facility Wish we got more in a spirit pack
Facilities; Transportation to away games
How we can not afford new stands. Basically the amount of money we ave and where is it going to
Equipment; Counselor; Academic department
Bad services with transportation and equipment
Gear
Not being able to use the money we fundraised
facilities, not seeing ANY of our fundraised money we worked so hard for, transportation
There was no coordination between directors & coaches. The athletics care mostly about football and track
Terrible field. Terrible equipment; Terrible facilities: I fundraised a ton with nothing to show for it.
The travel arrangements& the fact that there are no pitching coaches!
bad baseball field
facilities
A lot, awful baseball field
Better transportation is necessary Our fundraising money needs to be given to us We have no new equipment/field while coach pays
Small
Everything about West LA, the facility is terrible and the coaches are not better
They don't have lights on the field and new uniforms are needed
I didn't like some of the equipment and the home jerseys
Our stadium and some facilities could have been remodeled
bad vibes
It's not really anything that I can say that isn't god at West LA
Everything is fine
Nothing really
Nothing, I make the best of any opportunity that I'm given
No new home jerseys
Everything went well
They aren't as organized they should be, stats are always messed up and the website isn't up to date
Nothing it's good surprisingly
Our defensive coach wasn't fair in my eyes
The record and the home jerseys that's really all
I don't feel we got enough of the right training
People who lack at practice
We are not a team
Not a lot of play input allowed for coaching , classes require a lot
nothing
Teams were always outsized
Don't have any problems

Depends on the circumstances.

I'd go straight to a 4 year

I met incredible teammates, coaches & proffesors. Coming to west was the right decision for me

Good counselors

I would actually come here earlier than I did
